Nonprofit Partnership Program

Solano Community Foundation's focus is for the well-being of the people of Solano County. The **Nonprofit Partnership Program** is designed to:

- Strengthen, develop and serve the nonprofit organizations in the county to help them help their clients,
- Act as convener of facilitated community conversations to gather and disperse input from the diverse voices of our community, and
- Improve capacity-building and enhance visibility for the full range of nonprofit organizations providing services to their communities.

The Program promotes partnership among community leaders and decision makers, donors, the business sector, and our local nonprofits.

Contributions to NPP will go toward small grants awarded to the community-based organizations serving local populations with greatest need, as identified in our community conversations.
