## Community Memorial Fund

*In 2008, local leaders recognized the need for a fund that could lead the community toward a better future through the memory of their loved ones.*

*Solano Community Foundation responded to this call by creating the Community Memorial Fund, and provides the opportunity for everyone to make a difference in the community, now and in the future.*

## Community Memorial Fund

The Community Memorial Fund gives anyone the opportunity to memorialize a loved one, a colleague, a client, or a friend and know that their gift will make a difference in our local community.

Every December, funds collected during the year will be awarded as grants to qualified nonprofit organizations in Solano County. These grants will be specifically designated as gifts from the Community Memorial Fund.

This is a celebration of lives well lived, and gifts that gladden those who are still here.

### About the Fund:

- You can make a tax-deductible memorial donation in any amount, at any time.
- Every penny of your contribution will result in grants to programs throughout the county that assist our needy neighbors and enrich our community's quality of life.
- All the names of those remembered through this Fund are listed on the website of Solano Community Foundation as an additional tribute to their lives. ([www.solanocf.org](http://www.solanocf.org))
- As part of your memorial gift, photos and a brief statement can also be added to the site.
